Dear Elizabeth Kohl,

We are very excited that you have decided to utilize our Affirmative Defense Response SystemSM. By minimizing risk for your company with our suite of resources we will help you provide your own affirmative defense documentation for your company! We'll also help you educate your employees and make sure that you have many key components to build your own affirmative defense.

As a business owner, you know there are laws every business must follow, several different pieces of legislation affect your company, including, FACTA, HIPAA Security Rule, Gramm, Leach, Bliley (GLB) Safeguard Rule, and numerous other state specific laws. It is highly important that you comply with these laws in order to protect your company. Choosing the Affirmative Defense Response SystemSM is a great step!

Unfortunately, any company which has access to personal data about customers and employees may be at risk. This is why we developed the Affirmative Defense Response SystemSM. Additionally, by offering the Pre-Paid Legal suite of services as an employee benefit you in turn give your employees the same peace of mind the ADRS system gives you for your business.

Enclosed you will find your ADRS certificate, and an ADRS decal. We hope you will display these items with pride knowing you've taken steps to safeguard the private information of your customers and employees.

Thank you for letting us serve you.

Cordially
